EDUCATION

Yeshwant College Nanded
Nanded, Maharashtra
Bachelor of Computer Science
June 2019-May 2022
CGPA: 9.36

Jain University
Bangalore , Karnataka
Master of Computer Application
Expected , May 2025
CGPA: 7.2

PROFILE SUMMARY

Dynamic and detail-oriented **Full Stack Developer** specializing in the MERN stack with a solid foundation in Python for **Data Structures and Algorithms**. Proficient in designing and developing scalable web applications, leveraging expertise in **MongoDB, Express.js, React.js, and Node.js.** Experienced in full stack development through an internship at Prodigy Infotech, with a strong focus on both front-end and back-end technologies.Committed to **staying updated** with the **latest industry** trends and technologies, continuously enhancing skills to provide innovative solutions

PROJECTS

Job Listing Application (jobify)   **June2024-Current**
 Tools: MongoDB, Express.js, React, Node.js (MERN Stack), RESTful APIs, JWT Authentication

- Developed a responsive job listing web application using the MERN stack, ensuring compatibility across devices.
- Built and maintained backend services with Node.js and Express.js for efficient handling of job listings and user data.
- Designed an admin panel for employers to post, update, and manage job listings, as well as view applications.

Food Delivery Application (Foodie)   **June2023–July2023**
 Tools: MongoDB, Express.js, React, Node.js (MERN Stack), RESTful APIs, Stripe API

- Spearheaded the development of a dynamic food delivery platform using the MERN stack.
- Engineered robust back-end services with Express.js and Node.js to manage restaurant listings, user orders.
- Employed MongoDB for efficient and scalable data storage, ensuring quick retrieval of restaurant and order information.

INTERNSHIP

Software Developer Intern   **June 2023–July 2023**
CodeSoft Solutions.

- Assisted in the development of Python-based backend services.
- Conducted code reviews and participated in agile development processes.
- Implemented data structures and algorithms to enhance system efficiency.
- Contributed to the creation of technical documentation and user guides.

Full Stack Developer Intern   **Aug 2023–Sep 2023**
Prodigy Infotech

- *Created dynamic and responsive user interfaces with React, incorporating modern design principles to ensure an optimal user experience across various devices.*
- Built robust backend services with Node.js and Express.js, focusing on RESTful API development and server-side logic.
- Implemented data structures and algorithms to enhance system efficiency.
- Contributed to the creation of technical documentation and user guides.

SKILLS

Programming: Python, JavaScript, HTML/CSS, Node.js, React.js, Mongo DB , Express JS, jQuery, Bootstrap, Material UI, Chakra UI
Tools: Android Studio, PyCharm, Git, Webpack, Babel, NPM ,Docker

ACADEMIC ACHEIVEMENTS

- Earned a certification in Full Stack Development, demonstrating proficiency in MERN stack technologies and project management.
- Solved over 500 Data Structures and Algorithms problems on LeetCode, demonstrating strong problem-solving skills and proficiency in Python.
